

Adding Numbers and Shapes

Add the numbers and the shapes together.

Write your answers in the form of numbers.

$$2 + \begin{array}{c} \square \quad \square \quad \square \\ \square \quad \square \end{array} =$$

$$1 + \begin{array}{c} \triangle \quad \triangle \quad \triangle \quad \triangle \\ \triangle \quad \triangle \quad \triangle \quad \triangle \end{array} =$$

$$4 + \begin{array}{c} \circ \quad \circ \\ \circ \quad \circ \quad \circ \end{array} =$$

$$8 + \begin{array}{c} \text{rectangle} \quad \text{rectangle} \\ \text{rectangle} \quad \text{rectangle} \quad \text{rectangle} \end{array} =$$
